

southern style

With a European Twist

What began decades ago with a sip of Muscadine wine made from Georgia's indigenous Muscadine grapes has evolved into Chateau Elan, a luxurious, award-winning winery and resort in the rolling hills of north Georgia. Across 3,500 acres, our destination resort and residential community features 50,000 square feet of event space, multiple restaurants, professionally staffed Golf and Racquet Clubs, a world-class spa, and Viking Culinary Studio.

For those who enjoy the finer things in life, Chateau Elan Winery & Resort has everything you need to indulge and unwind, including a **\$25 daily food and beverage credit** to be used at any of our eight restaurants, and a **bottle of Chateau Elan Reserve Collection wine** to enjoy during your stay.
