Our Adagio Access Toulouse Jolimont has a fresh new look!

Our Adagio Access Toulouse Jolimont has recently completed a full renovation, **offering business travellers an even more comfortable and flexible stay experience.**

Ideally **located just 10 minutes from Toulouse city centre** and close to key business districts and transport links, the aparthotel now features redesigned apartments and refreshed communal spaces, perfectly suited to extended stays, project assignments and frequent business travel.

At Jolimont, **one of the highlights of the renovation is "Le Cercle", our community lounge,** where guests can enjoy a range of shared amenities designed to make them feel even more at home during their stay:

- 📚 A library of objects (kitchen tools, board games...)
- 🏊 An outdoor swimming pool, open during the season
- 🛒 An on-site grocery.

This renovation reflects Adagio's ongoing commitment to enhancing the extended stay experience across the network.

Through our ambitious **#FIRST2030** programme, we aim to renovate **75% of our aparthotels by 2030**, creating modern, welcoming spaces that combine comfort, flexibility and responsible hospitality for today's business travellers.
